Honeywell will Match Donations to CAN

Orlando, FL – In support of Corporate Angel Network’s charitable work, Honeywell Aerospace has announced it will match all donations to the humanitarian organization that are received at Honeywell’s annual customer appreciation event this year during the National Business Aviation Association’s Annual Meeting and Convention. The Honeywell event will be held at Orlando’s Hard Rock Café on October 20, 2009.

Honeywell has contributed more than 500 seats transporting CAN’s cancer patients to life-prolonging treatment on regular business flights over the past 26 years.

Rob Wilson, president of Honeywell Aerospace, said the event, which coincides with the annual NBAA convention, is themed, “You Rock”, to communicate Honeywell’s appreciation to its customers, as well as to the industry and the support it provides to Corporate Angel Network.

"Honeywell recognizes that with decreased business aviation hours, Corporate Angel Network (CAN), which flies cancer patients via corporate aircraft to treatment facilities, is in need of support. Honeywell will match any voluntary CAN contributions made at the door." Wilson said.

About Corporate Angel Network

Corporate Angel Network is a public charity that arranges free flights for cancer patients to treatment using empty seats on business aircraft. Since its founding in 1981, CAN has grown to include over 500 participating corporations, five paid staff, and a team of 50 part-time volunteers who work with patients, physicians, corporate flight departments, and leading treatment centers to coordinate medical travel needs of cancer patients with the scheduled flight activity of participating corporations. To date, CAN has arranged more than 32,000 flights and currently provides between 200 and 250 patient flights per month. CAN has received numerous

awards in recognition of its service to cancer patients, including The Volunteer Action Award, the highest volunteer award from the President of the United States. For more information call (914) 328-1313 or visit www.CorpAngelNetwork.org.
